HELPING FAMILIES
WITH YOUNG CHILDREN

We need your help

Home-Start Kirklees is a local charity supporting families with young children through challenging times. Being a parent can sometimes be frustrating, heartbreaking, lonely and overwhelming. We offer compassionate, confidential help and support when our families ask for it and need it the most.

Volunteer

By volunteering for just a few hours each week you can transform the lives of young children and parents in your community. Full training, ongoing support for you and all out of pocket expenses paid.

Fundraise

We depend on donations to fund our work with parents and children. Please help us make a difference to a child's life today.

Share

Help us share our news and raise our profile by telling others about the work we do.
