WHO WE ARE

Clarence House is a 11 bedded care home, which is a 5-minute walk away from Dewsbury Town Centre. We provide support to adults from age 16+ with diagnoses of learning disabilities and complex mental health, such as Schizophrenia.

At Clarence House, we support the people who live here to access the local community, and they all have opportunities to access work placements and college. We encourage all residents to be independent as possible and encourage them and retain as many daily living skills as possible, to enable them to be independent in their lives.

THE ROLE

As a dedicated team member at Clarence House in Dewsbury, your role involves providing compassionate support to adults with autism and complex mental health needs, including schizophrenia. Your responsibilities include organising and facilitating community outings such as bowling, cinema trips, gardening, swimming, and various other activities! In addition to these experiences, you will play a pivotal role in assisting individuals with day-to-day living tasks, ranging from personal care to meal preparation and maintaining a clean environment. We aim to create a nurturing and empowering environment at Clarence House.
