Personal Assistant Required Cleckheaton

We are looking for a personal assistant for a lady who has a brain injury

She needs support and motivation to ensure her house is kept clean and would also like to find new pastimes and friends to enhance her social activity and emotional wellbeing. Her interests involve keeping fit, swimming, walking, dancing and poetry.

Experience working with people who've had brain injuries would be wonderful, but it is not a deal breaker, what really matters is that you're friendly, easy to talk to, and great at pointing people in the right direction.

**6 Hours per week
Every Monday - afternoon/early evening**
